

"That an additional wage of one anna per day is given to employees of Soda recovery section who work near the furnace and that this has been in practice since 1st July 1944 and it is not understood why a Notice of Change is given in this respect."

"In regard to boilers, there is automatic feeding of coal and it is not necessary to open the fire door and shovel coal as in other boilers; the Boiler House is facing East and in order to avoid too much draught of cold air, we have at the instance of employees walled up the front; and this clearly shows that they do not suffer for too much heat but want protection against cold."

"In regard to digesters, we do one cook per shift and the man need operate valves for only one or two hours during the whole eight hours. In order, however, to minimise the heat of radiation, we have lagged one digester and we shall be lagging 2 more shortly. We have also placed orders for man cooler fans for a constant flow of fresh air."

"We do not see any justification for allowance in digesters and boilers."

Further, the Management stated that such an allowance is not paid in any Factory.

The Association representative not being satisfied with the explanation of the Management pressed the demand. The Management regret, it is not possible to accept this demand for heat allowance in boilers and digesters. So, no settlement was possible between the parties in regard to this Demand No. 3.

The next and last Demand No. 4, for the setting up of a creche, the Association representative withdrew this demand, in the light of the Management's explanation and assurance that a creche will be opened immediately the room built for this purpose and used now for accommodating some of the labourers, on account of fire accident in the labour sheds is vacated.

All possible ways of settlement were explored, but the parties did not come to a settlement in regard to Demands Nos. 1 and 3, while Demands Nos. 2 and 4 were withdrawn.

Thus, of the four Demands, the two Demands Nos. 2 and 4 were withdrawn and the remaining two Demands Nos. 1 and

3 were pressed by the Association but were not accepted by the Management.

8. The conciliation in regard to these two Demands (*viz.*, 1 and 3) thus ended in failure, which I hereby report.

9. I request that this report may be published in the *Mysore Gazette* as required in sub-section (4) of Section 12 of the Mysore Labour Act.

I have the honour to be,

Sir,

Your most obedient servant,

NAVANEETHAM, *Chief Conciliator.*
